Spa Elan Donates Spa Days for Breast Cancer Patients and Survivors

Spa Elan is a part of the Woodcliff Hotel

FAIRPORT, N.Y. – Woodcliff Hotel and Spa announces a unique way for women who have been touched by breast cancer to relax and rejuvenate. Spa Elan is supporting Breast Cancer Awareness Month by inviting friends and family to write into Spa Elan to nominate their loved one to be pampered. A total of four women will be selected for a day of spa treatments throughout the month of October.

“Many of our lives have been touched by breast cancer,” said Lisa Mordenga, general manager at Spa Elan. “We want to offer these women a few well-deserved hours of relaxation and pampering with our many top of the line treatments.”

Family and friends should send in a brief description of their loved one who has been touched by breast cancer. Tell the incredible woman’s story and show Spa Elan why she needs a day of pampering. Please include your contact information as well as the nominee’s phone number.

The four women will be selected by the Spa Elan staff, one each week throughout the month of October. Winners will receive a phone call informing them of their day of pampering.

Please send entries to Lisa Mordenga at lmordenga@woodcliffhotelspa.com.

For more information on Spa Elan or Woodcliff Hotel, please visit www.woodcliffhotelspa.com or call 585-248-4880.
